## Medical-Surgical and Behavioral Health/Substance Abuse Disorder Schedule of Coverage

The following information summarizes the benefits described in your Evidence of Coverage. It is important that you carefully read it so you are aware of plan requirements, provisions, limitations, and exclusions.

This Schedule of Coverage is not a Medicare Supplement. If you are eligible for Medicare, review the Guide to Health Insurance for People with Medicare available from the company.

\*Sendero Health Plans (Sendero) will provide benefits and coverage for mental health conditions and substance use disorders under the same terms and conditions applicable to the plan's medical and surgical benefits and coverage. Sendero may not impose quantitative or non-quantitative treatment limitations on benefits for a mental health condition or substance use disorder that are generally more restrictive than quantitative or non-quantitative treatment limitations imposed on coverage of benefits for medical or surgical expenses.

Sendero will fully reimburse non-participating providers at the usual and customary rate or at the agreed-upon rate: when services are rendered to an enrollee by a non-network facility-based physician in a network facility, or in circumstances where an enrollee is not given the choice of a network physician or provider for emergency services performed in a non-network facility, and for prior authorized non-emergency services that are not available through an in-network provider. Sendero will not impose cost-sharing for such services that is greater than the cost-sharing requirement that would apply if such services had been provided in-network; and shall count such cost sharing toward any in-network deductible and out-of-pocket maximum.

Coinsurance applies after deductible, unless otherwise indicated.

If a member receives Covered Services as teledentistry (pediatric only), telemedicine medical services or telehealth from an in-network Healthcare Practitioner, coverage for these services is the same as seeing a Healthcare Practitioner in an in-person setting. There is not a separate deductible, annual maximum, or lifetime maximum for Covered Services delivered as teledentistry (pediatric only), telemedicine medical services or telehealth services.
