This directory includes participating providers in the following counties: Bastrop, Burnet, Caldwell, Fayette, Hays, Lee, Travis, and Williamson. For the most up-to-date list of Sendero participating providers, please visit senderohealth.com and use the "Find a Provider" tool.

How to Choose Your Primary Care Provider (PCP)

A Primary Care Provider (PCP) is the provider or clinic that provides most of your routine and preventive care. Sendero Health Plans offers a wide network of PCPs in your area, and you must choose a PCP for each member of your family. PCPs in this directory are listed by specialty. You can choose from the following types of providers:

- Pediatricians (ages 0–18)
- Family or General Practice (all ages)
- Internal Medicine (ages 18 and older)
- FQHC Clinics (serve all ages; you may not always see the same provider)

If you do not select a PCP, one may be assigned to you. For assistance choosing a PCP or if you have questions, please call Sendero Member Services at 1-844-800-4693 or visit www.senderohealth.com

Disclaimers

HMO Plan Disclosure:

This is an HMO plan. Members must use network providers and select a Primary Care Provider (PCP) for coordinated care. Referrals may be required for specialty services.

Facility-Based Providers:

Some providers who practice at in-network facilities (such as anesthesiologists, radiologists, pathologists, or emergency physicians) may not participate in Sendero Health Plans. Members may receive services from out-of-network providers at in-network facilities.

Provider Availability:

Providers listed in this directory may not be accepting new patients at all times. Please contact the provider directly to confirm availability.

Benefit Coverage:

Listing of a provider or facility in this directory does not guarantee coverage of services. All services are subject to the terms, limitations, and exclusions of the member's benefit plan.

Directory Accuracy and Updates:

This directory is updated regularly in accordance with applicable regulatory requirements, including *45 CFR §156.230 (CMS Provider Directory Requirements)* and *28 Texas Administrative Code (TAC) §11.1600*. Changes to provider information are incorporated within required timeframes; however, recent updates may not yet be reflected. For the most current information, please contact Member Services or visit our website.

Member Responsibility:

It is the member's responsibility to ensure that services are obtained in accordance with HMO plan requirements, including use of participating providers, obtaining referrals, and securing prior authorizations when required.

Accessibility:

If you need assistance accessing this directory or require information in an alternative format, please contact Member Services.

Report Incorrect Information:

If you find any incorrect or outdated information in this directory, please contact Member Services at 1-844-800-4693. We appreciate your help in keeping our directory accurate.

Balance Billing Protections:

In Network providers agree to Sendero's standards, processes, and fee schedules. In addition, in-network providers agree not to balance bill Sendero members for any unpaid amounts for services rendered other than copayments, coinsurance, or applicable deductible amounts. Sendero providers are located within the Travis service area which includes Bastrop, Burnt, Caldwell, Fayette, Hays, Lee, Travis and Williamson counties.

Out-of-network providers are not contracted to provide services for Sendero members, with the exception of assessment and stabilization for emergency care. The Sendero plan excludes coverage for services rendered by an out-of-network provider, and you may be balanced billed for those services.

If you receive a bill from an in-network or out-of-network provider for amounts beyond what Sendero has paid or beyond your expected cost share, please contact Sendero Member Services at 1-844-800-4693 for assistance. If the issue is not resolved, you have the right to file a complaint with the Texas Department of Insurance (TDI).

Out-of-network Liability

Yes, you may be liable for services received from an out-of-network provider. You are enrolled in a Health Maintenance Organization (HMO) which is a type of managed care health plan where members choose their physician from a list of in-network providers.

If you receive care at an in-network hospital there is a possibility that some of the hospital-based providers are not in-network. Some examples of those providers are anesthesiologist, radiologist, pathologist, an emergency department physician, a neonatologist, an assistant surgeon and/or other providers. These providers can bill you for the difference between Sendero's allowed amount and the providers billed charge; this is called balance billing.

Unless preauthorized or part of covered Emergency Care, Out-of-Network Benefits are considered Excluded Services. You are responsible for the full cost of Excluded Services. Excluded Services do not count toward your Copayment Amounts. If Medically Necessary covered services are not available through an In-Network Provider, your Primary Care Provider (PCP) may request a Preauthorization for you to see an Out-of-Network Provider. If you receive a Preauthorization to see an Out-of-Network Provider, Sendero will fully reimburse the Out-of-Network Provider at the usual and customary rate or at an agreed upon rate. When an Out-Of-Network Provider is pre-authorized as described above, you are responsible for Copayments as if the Provider were an In-Network Provider
