Notice of Rights - Figure 28 TAC §11.1612(c):

- A health maintenance organization (HMO) plan provides no benefits for services you receive from out-of-network physicians or providers, with specific exceptions as described in your evidence of coverage and below.
- You have the right to an adequate network of in-network physicians and providers (known as network physicians and providers).
- If you believe that the network is inadequate, you may file a complaint with the Texas Department of Insurance at: www.tdi.texas.gov/consumer/compifrm.html.
- If your HMO approves a referral for out-of-network services because no network physician or provider is available, or if you have received out-of-network emergency care, the HMO must, in most cases, resolve the out-of-network physician's or provider's bill so that you only have to pay any applicable in-network copayment amounts.
- You may obtain a current directory of network physicians and providers at the following website: www.senderohealth.com or by calling 1-844-800-4693 for assistance in finding available network physicians and providers. If you relied on materially inaccurate directory information, you may be entitled to have a claim by an out-of-network physician or provider paid as if it were from a network physician or provider, if you present a copy of the inaccurate directory information to the HMO, dated not more than 30 days before you received the service.

EVIDENCE OF COVERAGE ENCLOSURE

IMPORTANT NOTICE ENCLOSURE

SCHEDULE OF BENEFITS AND COVERAGE ENCLOSURE

INTRODUCTION

Welcome to Sendero (Sendero) Health Plans, a Health Maintenance Organization (HMO) Off Exchange plan. Texas has a standardized set of benefits that are compliant with the Affordable Care Act (ACA) requirements as well as a number of Texas-mandated benefits.

The benefits provided are intended to assist you with many of your health care expenses for Medically Necessary services and supplies. There are provisions throughout this Evidence of Coverage (EOC)/Contract that affect your health care coverage.

The terms “you” and “your” as used in the EOC refer to Sendero Members. Use of the masculine pronoun “his,” “he,” or “him” will be considered to include the feminine unless the context clearly indicates otherwise.

SERVICE AREA MAP

To receive benefits as indicated in your EOC/Contract you must choose in-network providers for all care (other than for Emergency Care and Emergency Transportation). You have elected to enroll in Sendero IdealCare Platinum Plan. This plan has a special network of Independent Practice Associations (IPA's) and Medical Groups, which includes only a limited number of Plan providers. The Sendero IdealCare Platinum Plan's special network is a subset of the entire Sendero network. Members enrolled in Sendero IdealCare Platinum Plan may only select Personal Physicians and Medical Group/IPAs designated as providers in the special network's directory, which includes general practitioners, family practitioners, internists, obstetricians/gynecologist, and pediatricians. You may access and verify this information on Sendero's website at www.SenderoHealth.com, or by calling Member Services at 1-844-800-4693, the telephone number provided in the Resource Grid on page 4 or on the back of your Member ID card. Please note, a Plan Provider's status may change. It is your obligation to verify whether the provider you choose is a Sendero IdealCare Platinum Plan provider; in case there have been any changes since your directory was published. Each of your eligible Covered Dependent / Family Member may select a different Personal Physicians as long as they are designated as Sendero IdealCare Platinum Plan providers in the directory.

You are responsible for paying any copayment amounts (based on the Provider's contracted rate or fee). With few exceptions, you should not be balanced billed. You may be required to pay for limited or excluded services.

Sendero will fully reimburse non-participating providers at the usual and customary rate or at the agreed-upon rate: when services are rendered to an enrollee by a non-network facility-based physician in a network facility, or in circumstances where an enrollee is not given the choice of a network physician or provider for emergency services performed in a non-network facility, and for prior-authorized non-emergency services that are not available through an in-network provider.

If an enrollee is billed (balance-billed) in these instances, they should contact the plan. The enrollee's responsibility is limited to required copayments.

If you receive Emergency Services at an In-Network Facility and receive a bill from a non-network facility based physician, or other health care practitioner for Emergency Services, please contact Sendero at 1-844-800-4693. You should not be balance billed for Emergency Services received at

an In-Network Facility. You may be required to submit a copy of the itemized billing statement for investigation purposes.

Copayment amounts may not exceed 50 percent of the total cost of services provided. Sendero may not impose copayment charges on any Covered Person in a calendar year, when the copayments made by the Covered Person in that calendar year total 200 percent of the total annual premium cost.

Participating Providers

In most instances, there are participating Providers available to provide Medically Necessary services within your Sendero IdealCare Platinum Plan. Participating Providers have agreed to accept discounted or negotiated fees. You are responsible for paying the participating Provider for any applicable Copayment for services received. We offer different managed care plans, and a provider who participates in one plan may not necessarily be a participating Provider for this EOC/Contract.

When receiving services, you must make sure the Provider is a participating Physician or Participating Provider to avoid additional out-of-pocket expenses or to prevent you from having to pay for the services in full.

Participating Providers are neither agents nor employees of Sendero but are independent contractors. Sendero conducts a process of credentialing and certification of all Providers who participate in the

Sendero IdealCare Platinum Plan. However, in no instance shall Sendero be liable for the negligence, wrongful acts, or omissions of any person receiving or providing services, including any Physician, Hospital, or other provider or their employees.

Excluded Services Require Preauthorization

Unless preauthorized by Sendero or part of covered Emergency Care, Out-of-Network Benefits are Excluded Services and are not Covered Services by Sendero. You are responsible for the full cost of Excluded Services. Covered Services are Medically Necessary, and appropriate, must be either preauthorized by Sendero and/or included in your benefits. Excluded Services do not count toward your Copayment Amount(s) and Maximum Out of Pocket.

If Medically Necessary, Covered Services are not available through an In-Network Provider, your Primary Care Provider (PCP) may request a Preauthorization for you to see an Out-of-Network Provider. If you receive a Preauthorization to see an Out-of-Network Provider, Sendero will fully reimburse the Out-of- Network Provider at the usual and customary rate or at an agreed-upon rate.

When an Out-Of-Network Provider receives a Preauthorization as described above, you are responsible for the Copayment(s) as if the Provider were an In-Network Provider.

Sendero mails or otherwise transmits a Notice of Preauthorization no later than the third calendar day of receipt to the requesting Provider. If the preauthorization request is for a current hospitalization or inpatient facility care, Sendero will communicate whether services are preauthorized within 24 hours after the request is received from the physician or provider. If the preauthorization request is for post-stabilization treatment or a life-threatening condition, Sendero will communicate whether services are preauthorized as quickly as possible based on the appropriate delivery of services and the health condition of the member, but not later than one hour after the request is received. Sendero follows up within three working days with a letter to the member and provider of an adverse determination.

Selecting a Primary Care Physician or Provider (PCP)

To ensure access to Services, each Member must select a Primary Care Physician (PCP). You may select a PCP for yourself and for each covered Dependent who is designated as in your Plan's network. Selecting a PCP will provide you with a Medical Home, and selecting a PCP is important to your overall health. We provide you many options to choose from for PCP services. The following Participating Provider types may serve as your PCP:

- General Practice,
- Family Practice,
- Internal Medicine,
- Pediatrics,
- Obstetrical/Gynecology Physicians who notify Sendero that they are willing to serve as PCP for selected Members,
- Other Specialty Care Physicians who notify Sendero that they are willing to serve as PCP for selected Members with chronic, disabling, or Life Threatening Illness,
- Federally Qualified Health Centers (FQHCs),
- Rural Health Clinics (RHCs) and similar community clinics, or
- Advanced Practice Nurses (APNs) and Physician Assistants (PAs) when practicing under the supervision of a Physician designated as a PCP.

ATTENTION FEMALE ENROLLEES: You have the right to select and visit an obstetrician-gynecologist (OB-GYN) without first obtaining a referral from your PCP that is within your health benefits plan network. You are not required to select an OB-GYN. You may elect to receive your OB-GYN services from your PCP. You may select an OB-GYN other than your PCP.

If you have a chronic, disabling, or Life-Threatening Illness, you may submit a request to Sendero's Medical Director to use a Specialty Care Physician as your PCP. You may make this request by calling Sendero's Member Services telephone number on your Member Identification Card. If your request is denied you have the right to seek a review of the denial through the complaints process. *Refer to the Appeals, Complaints and External Review Rights provision in this Contract for more information.*

Your designated PCP is listed on your member identification card. You may change your PCP online through the Member Portal or by calling Sendero's Member Services at 1-844-800-4693. The effective date of the PCP change will be from one business day from the day of the request. Depending on the circumstance, Sendero can make your PCP change effective immediately, if requested by you or your provider's office. In the meantime, your current PCP will continue to coordinate your care. You must arrange to have you/your Dependent's medical files transferred to the new PCP.

Role of the PCP

Your PCP is responsible for providing primary medical care, and helping to guide and initiate referrals for any care you receive from other medical care providers, including Specialty Care Physicians.

When a PCP is Not Available

When your PCP is unavailable, you may need to obtain services from the back-up or on call Participating Provider designated by your PCP. You must make sure that your PCP's on call physician is a Participating Physician or Participating Provider in Sendero's network to avoid additional out-of-pocket expenses. Please be sure to discuss care arrangements or the process with your PCP for when he or she is out of the office.

Seeing a Specialist

All medical needs should be discussed with your PCP. Wide ranges of Specialty Care Physicians are included in Sendero's network. Some Specialty Care Physicians will require a referral from your PCP. If a Covered Person and his or her PCP determine that there is a need to see a Specialty Care Physician, the PCP should refer you to Sendero's Participating Providers only. Be sure to confirm with Sendero that the Provider you are referred to is In-Network.

We do require Prior Authorization services. Visit Sendero's website at www.senderohealth.com or call Customer Service for a list of services that require Prior Authorization.

Seeking Emergency Care Services

If you need Emergency Care:

1. Go to the nearest Participating Hospital Emergency Room in your Plan's network: or
2. Find the nearest Hospital Emergency Room if your condition does not allow you to go to a Participating Hospital in your Plan's network.

Sendero will pay for emergency care performed by out-of-network physicians, and/ or emergency medical transportation services, at the usual and customary rate or at the agreed-upon rate. In case of an

emergency, Sendero will provide coverage for the following emergency care:

1. a medical screening examination or other evaluation requires by the state or federal law necessary to determine whether an emergency medical condition exists shall be provided to covered enrollees in a hospital emergency facility or comparable facility;
2. necessary emergency care shall be provided to covered enrollees, including the treatment and stabilization of an emergency medical condition; and
3. services originated in a hospital emergency facility, freestanding emergency medical care facility, or comparable emergency facility following treatment or stabilization of an emergency medical condition shall be provided to covered enrollees.

Sendero will approve or deny coverage of post stabilization care as requested by a treating physician or provider within the time appropriate to the circumstances relating to the delivery of the services, and the condition of the patient, but it will not exceed one hour from the time of Sendero receipt of the request.

You, or someone on your behalf, must call Sendero within 48 hours after your admission to a Non-Participating Hospital/ out-of-network hospital for Emergency Care. If your condition does not allow you to call us within 48 hours after your admission, please contact us as soon as your condition allows you to. We may transfer you to a Participating Hospital in your Sendero IdealCare Platinum Plan network when you reach a stable condition. You must see a Participating Provider for any follow-up care. For emergency services provided at a Non-Participating Hospital, we will pay for those services at the usual and customary rate or at an agreed-upon rate.

Sendero will fully reimburse non-participating providers at the usual and customary rate or at the agreed-upon rate: when services are rendered to an enrollee by a non-network facility-based physician in a network facility, or in circumstances where an enrollee is not given the choice of a network physician or provider for emergency services performed in a non-network facility, and for prior-authorized non-emergency services that are not available through an in-network provider.

If an enrollee is balance-billed in these instances, they should contact the Plan. The enrollee's responsibility is limited to required copayments.

If you receive Emergency Services at an In-Network Facility and receive a bill from a non-network facility based Physician, or other health care practitioner for Emergency Services, please contact Sendero at 1-844-800-4693. You should not be balance billed for Emergency Services received at an In-Network Facility. You may be required to submit a copy of the itemized billing statement for investigation purposes.

Seeking Urgent Care Services

The steps for seeking Urgent Care services are as follow:

1. Contact your PCP or his/her back-up or on call physician.
2. If the Primary Care Physician is unavailable, you may go to any Urgent Care Center. You can obtain the names of Participating Provider Urgent Care Centers in your Sendero IdealCare Platinum Plan by calling Customer Service or by accessing the Provider directory at www.senderohealth.com.

3. You must receive follow-up services from your Urgent Care Center visit by your PCP or a participating Provider.
4. You must pay any copayment required for Urgent Care Services.

Use of Non-Participating Providers

Except for emergencies, you must obtain Sendero's approval (a referral) for out-of-network services when (covered) medically necessary services are not available in-network because no network Physician or Provider is available. We must approve a referral to a non-network Physician or Provider within the time appropriate to the circumstances relating to the delivery of the services and the condition of the patient, but in no event to exceed five (5) business days after receipt of reasonably requested documentation.

Sendero will fully reimburse non-participating Providers at the usual and customary rate or the agreed-upon rate:

- 1) when services are rendered to an enrollee by a non-network facility-based physician in a network facility, or in circumstances where an enrollee is not given the choice of a network Physician or Provider, for
- 2) emergency services performed in a non-network facility, and for
- 3) Prior-authorized non-emergency services that are not available with an in-network Provider.

If an enrollee is balance-billed in these instances, they should contact Customer Service. The enrollee's responsibility is limited to required copayments.

If you receive Emergency Services at an In-Network Facility and receive a bill from a non-network facility based physician, or other health care practitioner for Emergency Services, please contact Sendero at 1-844-800-4693. You should not be balance billed for Emergency Services received at an In-Network Facility. You may be required to submit a copy of the itemized billing statement for investigation purposes

Before denying a request for a referral to Non-Participating Provider, we will have the request reviewed by a specialist of the same or similar type of specialty as the Non-Participating Provider who requested the referral.

Not all Healthcare Practitioners who provide services at Participating Hospitals Are Participating Providers. If you receive services from a Non-Participating Provider, we will pay for those services at the usual and customary rate or an agreed-upon rate. This includes, but is not limited to, pathologists, anesthesiologists, radiologists, and emergency room physicians (facility-based physicians) at a Participating Hospital.

It is your responsibility to verify the network participation status of all Providers prior to receiving all Non-Emergency care. You should verify your Sendero IdealCare Platinum Plan's network / provider participation status only with Sendero by either calling the Customer Service or by accessing Sendero's website at www.senderohealth.com. We are not responsible for the accuracy, inaccuracy, or miscommunication of network participation representations made by any PCP, Specialty Care Physician, Hospital, or other Provider whether contracted with us or not. For example, if the In-Network Primary Care Physician, Specialty Care Physician, or other Provider recommends services from or at another entity, it is your responsibility to verify the network participation status of that entity before receiving such services. If you do not, and the entity is not a Participating Provider (regardless of what the referring

provider may have told you), you will be responsible for all costs incurred unless we have authorized the services provided.

Utilization Management

Prior Authorization

Prior Authorization means a determination by Sendero that the services proposed to a Covered Person are Medically Necessary and appropriate.

For all other services or procedures, it is a confirmation of Medical Necessity and appropriateness only. Prior Authorization does NOT guarantee coverage or payment for the service. In addition, if the procedure or Prescription Drug requested by the Healthcare Practitioner has materially been misrepresented or has substantially failed to perform the proposed services, the services will not be covered.

All benefits payable under this EOC/Contract must be for services, including preventative services, or Prescription Drugs that are Medically Necessary. Prior Authorization is required for certain services and certain Prescription Drugs. Visit Sendero's website at www.senderohealth.com or call Customer Service to obtain a list of services that require Prior Authorization or the Prescription Drug Formulary that indicates when Prior Authorization is required for Prescription Drugs. The list of services and Prescription Drugs that require Prior Authorization is subject to change. Coverage provided in the past for services or Prescription Drugs that did not receive or require Prior Authorization is not a guarantee of future coverage of the same service or Prescription Drug.

You are responsible for informing your Physician or Provider of the Prior Authorization requirements. Your Physician or Provider must contact Sendero by telephone, electronically or in writing to request the appropriate authorization. The telephone number to call to request authorization is on your member identification card and on Sendero's Prior Authorization Form available to your Provider for completion. If the Physician or Provider requests an authorization 60 days before the expiration of an existing preauthorization, Sendero will review the request and issue a determination indicating whether the medical or health care service is preauthorized. No benefits are payable for services or Prescription Drugs that are not Covered Services.

Preauthorization is not required for In-Network Maternity Care and Treatment of Breast Cancer Unless Extension of Minimum Length of Stay Requested:

Your Plan is required to provide a minimum length of stay in a Hospital facility for the following:

Maternity Care

1. 48 hours following an uncomplicated vaginal delivery
2. 96 hours following an uncomplicated delivery by caesarian section

Treatment of Breast Cancer

1. Greater than 48 hours following a mastectomy requires prior authorization
2. Greater than 24 hours following a lymph node dissection requires prior authorization

Providers are required to Notify Sendero of:.

1. All Medical Inpatient Hospital admissions,
2. All Skilled Nursing Facility admissions
3. All Inpatient Hospice Services
4. All Inpatient Rehabilitation admissions
5. All Long Term Acute Care Hospitals admissions

A current Prior Authorization List can be found on the Sendero website at <https://www.senderohealth.com/providers>. Click the “Prior Authorizations” tab, then click the “Sendero Providers Quick Reference Guide”. You can also request a current Prior Authorization List by contacting Sendero at 1-844-800-4693, Monday – Friday, between 8:00 AM -5:00 PM, or sending an email request to SenderoIDCCustomerService@SenderoHealth.com.

Covered Benefits

Refer to the General Exclusions and Prescriptions Drug Exclusions sections in this EOC/Contract. All terms and provisions of this Contract, including the Prior Authorization requirement specified in this Contract are applicable to Covered Services. Cost sharing and limitations depend on type and site of service.

Prescription Drugs

Any payments under this provision apply toward the Covered Person’s Out-Of-Pocket Maximum. Payments under this provision do not apply toward the Covered Person’s Contract. Benefits and may be subject to Dispensing Limits, Prior Authorization or Step Therapy requirements, if any.

Step Therapy, or the exception process, is available to Covered Person(s) that is readily available to the patient and/ or provider. Step therapy protocol, including denials of step therapy exception requests, are subject to adverse determination appeal rights as well as an Independent Federal External Review. If Sendero does not deny an exception request before 72 hours after receiving it, the request is considered granted. If an exception request states that, the prescribing provider reasonably believes denial of the request makes the death of, or serious harm to the Member probable, the request is considered granted if Sendero does not deny it before 24 hours after receiving the request.

Sendero prohibits step therapy for prescription drugs used to treat stage four advanced metastatic cancer. This prohibition only applies to an FDA approved drug when its use is consistent with best practices for the treatment of stage four advanced metastatic cancer or an associated condition and is supported by peer-reviewed, evidence-based literature.

If the dispensing Pharmacy charge is less than the Prescription Drug Copayment, the Covered Person will be responsible for the lesser amount.

The amount paid by Sendero to the dispensing Pharmacy may not reflect the ultimate cost to Sendero for the drug. Prescription Drug Copayments are per Prescription or refill. Your copayments are not adjusted if Sendero receives any retrospective volume discounts or Prescription Drug rebates.

We must be notified of any Cost Share that is applicable to a Covered Person’s claim that is waived by

the Pharmacy. Any amount waived and not paid by you/the covered Person will not apply to any Prescription Drug Out-of-Pocket Maximum.

Members requesting higher tier drugs when a generic equivalent is available, and the physician did not specifically prescribe or request the higher tier drug, you are responsible for the higher tier cost sharing amount plus any difference in cost. This cost difference does not apply to any Out-Of-Pocket Maximum.

The Specialty Pharmacy program is part of your pharmacy benefit and is mandatory after the first fill at retail. Navitus Specialty Rx works with a specialty pharmacy to offer services with the highest standard of care.  - a) have been approved by the United States Food and Drug Administration (FDA) for at least one indication; and

 - c) Eosinophilic disorders, as evidenced by the results of a biopsy;
 - d) Impaired absorption of nutrients caused by disorders affecting the absorptive surface, functional length, and motility of the gastrointestinal tract.

The most commonly prescribed drugs covered by Sendero as a pharmacy benefit are specified on Sendero's Drug Formulary. The Drug Formulary identifies drugs by category. It also indicates Dispensing Limits and any applicable Prior Authorization or Step Therapy requirements for pharmacy benefits. The Drug Formulary is reviewed on a regular basis by a Pharmacy and Therapeutic Committee made up of Physicians and Pharmacist. Placement on the Drug Formulary does not guarantee your Healthcare Practitioner will prescribe that Prescription Drug, medicine or medication for a particular medical or mental health or substance use disorder or condition.

You can obtain a copy of Sendero's Drug Formulary by visiting www.senderohealth.com or calling Navitus Member Services at the telephone number on your member identification card. If a specific prescription drug is not on the Drug Formulary, you may contact Sendero orally or in writing with a request to determine whether a specific drug is included on Sendero's Drug Formulary. We will respond to your request within 72 hours of receiving the request. If we do not approve coverage for a prescription drug because it is not on the Drug Formulary, you have the right to appeal that decision. *Please refer to Appeals, Complaints and External Review Rights process in the General Provisions section.*

Certain evidence-based medications that are administered on-site by the prescribing provider are also a covered benefit. These are usually injectable medications. Because they are not available at an outpatient pharmacy, they are not listed in our Drug Formulary. Sendero can require step therapy for this category of medications.

Sendero will assist with synchronizing refills for maintenance of prescription drugs and allows for prorated cost sharing amounts for partial supplies of certain prescription drugs. If you have any questions, please contact Sendero's Customer Service department. As a Covered Person, you are only required to make a payment that is the lesser of your copayment, the allowable claim amount, or the amount you would pay if purchasing the prescription drug without health benefits or discounts

Sendero does allow or will review your or your prescribing physician's request to expedite an exception request due to exigent circumstances. These circumstances are considered urgent, life threatening or can prohibit the opportunity to regain maximum function, or when a member is undergoing a current course of treatment using a non-formulary drug. Sendero will review these cases on an urgent timeline, and provide a determination no later than 24 hours following receipt of the request. If Sendero grants an exception based on exigent circumstances, we will provide coverage of the non-formulary drug for the duration of the treatment or care plan.

Sendero may not impose a deductible, copayment, or other cost-sharing provision applicable to benefits for prescription contraceptive drugs, outpatient contraceptive services, or devices unless the amount of the

required cost-sharing is the same as or less than the amount of the required cost-sharing applicable to benefits for other prescription drugs or devices under the plan.

Prescription Drug coverage is subject to change. Any prescription drug that was approved or covered under the plan for a medical condition or mental illness, regardless of whether the drug has been removed from the health benefit plan's drug formulary before the plan renewal date, will continue to be offered at the contracted benefit level and until the plan's renewal date.

Based on State law, advanced written notice to you is required for the following modifications that affect Prescription Drug coverage:

1. Removal of a drug from the Drug Formulary;
2. Requirement that You receive prior authorization for a drug;
3. An imposed or altered quantity limit;
4. An imposed step-therapy restriction;
5. Moving a drug to a higher cost-sharing level unless a generic alternative to the drug is available.

The examples above will be implemented at the renewal of the EOC/Contract. We will provide written notice no later than 60 days prior to the Effective Date of the change.

The Utilization Review shall provide notice of an adverse determination for a concurrent review of the provision of prescription drugs, or intravenous infusions for which the patient is receiving health benefits under the Evidence of Coverage no later than the 30th day before the date on which the provision of prescription drugs, or intravenous infusions will be discontinued.

This section does not prohibit a physician or other health professional who is authorized to prescribe a drug from prescribing a drug that is an alternative to a drug for which continuation of coverage is required under Subsection

The surviving Dependent spouse will become the EOC/Contract Holder if covered under this EOC/Contract on the date of death. In the case of child-only coverage, the surviving Dependent's parent or legal guardian will become the Contract Holder of the continued Contract.

All conditions, limitations, exclusions, and maximums of this EOC/Contract will continue to apply.

Continuation of Coverage Due to Marital Change

If a Covered Person is no longer eligible due to change in marital status, Sendero will offer coverage that most nearly approximates the coverage in effect prior to change in marital status including the expiration date.

Renewability and Termination

Reasons We Will Terminate Your Contract

This EOC/Contract is renewable at the option of the Contract Holder, except for the conditions stated below. We will terminate your EOC/Contract at the end of the billing period in which the following events occur unless stated otherwise:

1. The required premium was due to us and was not received by us, including any grace period.
2. Termination will be effective on the last day for which the premium was paid.
3. The Contract Holder commits fraud or makes an intentional misrepresentation of a material fact, in which case, we will provide 30-days' notice of Sendero's intent to rescind this EOC/Contract. The Contract Holder will have the right to Appeal the rescission.
4. The Contract Holder requests termination of the Contract in writing.

Termination will be effective on the later of the date requested by you or the date Sendero receives your notice to cancel; or we cease to offer a particular type of coverage or cease to do business in the individual basic health care market, as allowed by federal or state law.

If we decide to discontinue offering a type of EOC/Contract, the Contract Holder will be:

1. Notified of such discontinuation at least 90-days prior to the date of discontinuation of such coverage; and
2. Given the option to purchase any other individual Hospital, medical or surgical Contract providing medical benefits that are being offered by us at such time.

If we decide to cease doing business in the individual Hospital, medical or surgical market, the EOC/Contract Holders covered by such contract and the Commissioner of Insurance will be notified of such discontinuation at least 180-days prior to the date of discontinuation of such coverage.

We will terminate coverage for a Covered Person at the end of the billing period in which the following events occur unless stated otherwise:

1. When the Covered Person no longer qualifies as defined in the Definitions section of this Contract or no longer meets eligibility criteria;
2. The Covered Person commits fraud or makes an intentional misrepresentation of a material fact, in which case, we will provide 30-days' notice of Sendero's intent to rescind this Contract with regard to the Covered Person. The Covered Person will have the right to Appeal the Rescission.
3. Failure to pay the monthly premium;
4. The date this Contract terminates.

If we accept premium for any Covered Person extending beyond the date, age or event specified in this section as a reason for termination, then coverage for that Covered Person will continue during the period for which an identifiable premium was accepted.

Your Duty to Notify Us

You are responsible for notifying us of any of the events stated above which would result in termination of this EOC/Contract or a Covered Person.

Reinstatement

If this Contract is terminated due to lack of premium payment, other than your initial premium payment, you may request reinstatement. Sendero will review your account and determine if you qualify for reinstatement, provided all of the following are met:

1. Coverage has not been terminated for more than 90 days; and
2. You agree to pay all current and past due premiums.

If your request for reinstatement is approved, coverage will be reinstated on the date we approve the reinstatement.

Fraud

You commit fraud against us or make an intentional misrepresentation of a material fact by intentionally not telling us the correct facts or by withholding information which is necessary for us to administer this Contract.

Fraud may be criminal offense that can be prosecuted. Any person(s) who willingly and knowingly engages in an activity intended to defraud us by filing a claim or form that contains a false or deceptive statement may be committing insurance fraud.

If you or the Covered Person commits fraud against us, as determined by a court of law, coverage will be terminated. We will provide at least 30 days' advance written notice of Sendero's intent to terminate

or cancel your coverage. Such termination may be made on a retroactive basis as of the date the fraud was committed or as of the date otherwise determined by us.

General Provisions, Appeals, Complaints and External Review Rights

You have a right to Appeal any decision we make that denies payment on your claim or your request for coverage of a health care service or treatment. Included in your rights are the right to appeal an Adverse Determination to Sendero and to External Review, the right to appeal a Contractual Denial, and the right to file a Complaint. We may not engage in any retaliatory action against you for filing a complaint against us or appealing an Adverse Determination.

Sendero will not discriminate or take punitive action against a member or a member's representative for making a complaint, an Appeal, or requesting an Expedited Appeal. Sendero will not engage in retaliatory action, including refusal to renew or cancel coverage because the member or a person acting on behalf of the member has filed a complaint against Sendero or appealed a decision of Sendero. Furthermore, Sendero is prohibited from retaliating against a physician or providers because the physician or provider has filed a complaint or appealed a decision on behalf of the enrollee.

Appeal from an Adverse Determination

If we determine that health care services provided or proposed to be provided are not Medically Necessary or appropriate, we will notify you or an individual acting on your behalf and your provider of record of Sendero's determination and of your right to Appeal the Adverse Determination and the process for requesting an Appeal. We will notify you, the individual acting on your behalf and your provider of record of the Adverse Determination, within the time appropriate to the circumstances relating to the delivery of the services and Your condition, but in no case to exceed one hour from notification when denying post-stabilization care subsequent to emergency treatment as requested by a treating Healthcare Practitioner, or if you are hospitalized, within one working day or as soon as possible, but no later than 72 hours, whichever is less, after the request is received by telephone or electronic transmission. If your case involves a life-threatening condition, or if we do not meet internal timeframes, you will be entitled to an immediate appeal to an Independent Federal External Review.

If your Adverse Determination is not related to you being in the hospital at the time of the review, Sendero will provide a written notice of Adverse Determination to the patient and the Provider of record within one working day or as soon as possible, but no later than 72 hours, whichever is less, for all standard requests.

If Sendero transmits an Adverse Determination for a retrospective utilization review, the notice of Adverse Determination will be transmitted to the Provider of record, and the patient no later than 30 days after the date on which the claim is received. If an extension for a retrospective utilization review is required, Sendero has an extended 15 (fifteen) days to complete the review and provide a response.

The Utilization Review shall provide notice of an adverse determination for a concurrent review of the provision of prescription drugs, or intravenous infusions for which the patient is receiving health benefits under the Evidence of Coverage no later than the 30th day before the date on which the provision of prescription drugs, or intravenous infusions will be discontinued.

You or an individual acting on your behalf or your provider of record may ask for an expedited (fast) Appeal for Emergency Care denials, denials of care for life-threatening conditions, intravenous infusion, prescription drugs, and denials of continued stays for a hospitalization is available. The expedited review will be a review by a Healthcare Practitioner who has not previously reviewed the case and who is of the same or a similar specialty as the health care provider that typically manages the medical condition, procedure, or treatment under review. Expedited Appeal requests will be decided based on the medical immediacy of your condition, procedure or treatment, but in no event will the decision exceed 24 hours of an expedited request; all information necessary to complete the appeal must be received. A determination may be provided by telephone or electronic transmission, but will be followed with a letter within one working day or as soon as possible, not no later than 72 hours, whichever is less for standard requests and within 24 hours for expedited requests from the initial telephone or electronic notification.

When we receive an Appeal, within five (5) working days from the receipt of the Appeal, Sendero will send to the appealing party a letter acknowledging the date of Sendero's receipt of the Appeal. This letter will include the Appeal procedures, a request for required documentation, and the time frames required for resolution. If an Appeal of an adverse determination is received orally, included in the acknowledgement letter will be a one-page Appeal form to the appealing party.

After review of the Appeal of an Adverse Determination, we will issue a response letter to You or the person acting on Your behalf and Your Healthcare Practitioner explaining the resolution of the appeal as soon as practical, but in no case later than the 30th calendar day after the date we receive the Appeal. If the Appeal is for Emergency Care, or denial of a continued stay for Hospitalized Covered Person, the resolution timeframe will be based on the medical or dental immediacy of the condition, procedure or treatment, within one working day or as soon as possible, but no later than 72 hours, whichever is less from the date the request is received. The resolution letter will contain the clinical basis for the Appeal determination, the specialty of the Healthcare Practitioner making the denial, and notice of the appealing party's right to seek an Independent Federal External Review.

Sendero will review your or your prescribing physician's request to expedite an exception request due to exigent circumstances when the request involves a medication on the formulary or non-formulary drugs. Sendero will review these specific cases on an urgent timeline, and will provide a determination no later than 24 hours following receipt of the request. If Sendero grants an exception based on exigent circumstances, we will provide coverage of the non-formulary drug for the duration of the treatment or care plan.

If the Appeal of Adverse Determination is denied, your provider within 10 (ten) working days, sets forth in writing good cause for having a particular type of specialty provider review the case, the Appeal denial shall be reviewed by a participating Provider in the same or similar specialty who typically treats the medical condition, performs the procedure, or provides the treatment under discussion for review in the Appeal, and such specialty review will be completed within 15 (fifteen) business days of receipt of the request from the provider.

Independent Federal External Review

In a circumstance involving a life-threatening condition, exigent denial of prescription drugs or intravenous infusions for which the patient is receiving benefits under the Evidence of Coverage, you are entitled to an immediate appeal to an Independent Federal External Review and are not required to comply with Sendero's procedures for an Appeal of the Adverse Determination. Any member whose Appeal of an Adverse Determination is denied by Sendero may seek review of that determination by submitting an appeal request through the Federal External Review Process. To find out about the process to request a Federal External Review, you may call Sendero's Health Services Department at 1-855-297-9191 for more information. The Appeal process does not prohibit you from pursuing other appropriate remedies, including: injunctive relief, a declaratory judgment or other relief available under law.

Appeal from Denial of Benefits

If we determine that a health care service provided or proposed to be provided is not covered for reasons other than an Adverse Determination, for example, it is not covered or it is expressly excluded, you have the right to appeal that determination by requesting an appeal orally or in writing, in which case, we will follow the procedure below for Complaints.

Request for Additional Information

You may request more explanation when you receive Denial of Benefits. Contact us when You:

1. Do not understand the reason for the denial;
2. Do not understand why the health care service or treatment was not fully covered;
3. Do not understand why a request for coverage of a health care service or treatment was denied;
4. Cannot find the applicable provision in Your Evidence of Coverage;

5. Want a copy (free of charge) of the guideline, criteria or clinical rationale that We used to make Sendero's decision; or
6. Disagree with the denial or the amount not covered and you want to Appeal.

If your claim was denied due to missing or incomplete information, you or your health care provider may resubmit the claim to us with the necessary information to complete the claim.

The appeal process does not prohibit the Covered Person from pursuing other appropriate remedies, including injunctive relief, a declaratory judgment, or relief available under law, if the requirement of exhausting the process for appeal and review places the Covered Person's health in serious jeopardy.

For questions on appeal and external review rights, a Covered Person can call Sendero's Customer Service Department.

Complaint Process

If you notify us orally or in writing of a Complaint, we will notify you in writing no later than the fifth business day after the date of the receipt of the complaint. We will send you a letter acknowledging the date we received the complaint. This letter will also include Sendero's complaint procedures and time frames for resolution. If the complaint was received orally, we will enclose a one-page complaint form clearly stating that the complaint form must be returned to us for prompt resolution of the complaint.

After receipt of the written Complaint or one-page Complaint Form, we will investigate and send a letter with Sendero's resolution. We will notify You of Sendero's determination within 30 calendar days after the date we received the complaint. If your complaint is related to emergency or denial of a continued hospitalization, we will investigate and resolve the complaint within one business day.

Sendero will not discriminate or take punitive action against a member or a member's representative for making a complaint, an Appeal, or for requesting an Expedited Appeal. Sendero will not engage in retaliatory action including refusal to renew or cancel coverage because the member or a person acting on behalf of the member has filed a complaint against Sendero or appealed a decision of Sendero. Furthermore, Sendero is prohibited from retaliating against a physician or providers because the physician or provider has filed a complaint or appealed a decision on behalf of the enrollee.

Appeals from a Complaint to the Plan

If the complaint is not resolved to the Covered Person's satisfaction, the Covered Person has the right either to appear in person before a complaint appeal panel where the Covered Person normally receives healthcare services, unless another site is agreed to by the Covered Person, or to address a written appeal to the complaint appeal panel. We shall complete the complaint appeal process not later than the 30th calendar day after the date of the receipt of the request for appeal.

1. We shall send an acknowledgment letter to the Covered Person not later than the fifth business day after the date of receipt of the request for appeal.

Duplicating Provisions

If any charge is described as covered under two or more benefit provisions, we will pay only under the provision allowing the greater benefit. This may require us to make a recalculation based upon both the amounts already paid and the amounts due to be paid. We have no obligation to pay for benefits other than those this Contract provides.

- Providing us with a copy of any legal notices arising from the Covered Person's injury and its treatment;
- Taking all action to assist Sendero enforcement of recovery rights and doing nothing after the Illness, Bodily Injury or accident to prejudice Sendero recovery rights; and
- Refraining from designating all (or any disproportionate part) of any recovery as exclusively for pain and suffering.

If you fail to cooperate with us, we shall be entitled to recover from you any payments made by us.

Right to Request Information

The Covered Person must cooperate with us, and when asked, assist us by:

- Authorizing the release of medical information including the names of all providers from whom medical attention was received;
- Obtaining medical information, or records from any Physician or Provider as requested by Us;
- Providing information regarding the circumstances of the Illness, Bodily Injury or accident;

If you fail to cooperate or provide the necessary information, we may recover payments made by us and deny any pending or subsequent claims for which the information is requested, unless the services were approved by us in advance.

Non-duplication of Medicare benefits

We will not duplicate benefits for expenses that are paid by Medicare if it is the primary payer.

In all cases, coordination of benefits with Medicare and the provisions of Title XVIII of the Social Security Act as amended will conform with Federal Statutes and Regulations.

For purposes of this section, Medicare means Title XVIII, Part B, of the Social Security Act, as enacted or amended.

Coordination of Benefits

This Coordination of Benefits (COB) provision applies when a person has health care coverage under more than one plan. You should not have other health plan coverage per the ACA regulations. The Plan is defined below.

Following are definitions applicable to this COB provision, Section 9.3, Coordination of Benefits

“Plan” is any of the following that provides benefits or services for medical or dental care or treatment.

Plan includes: group, blanket, or franchise accident and health insurance policies, excluding disability income protection coverage; individual and group health maintenance organization evidences of coverage; individual accident and health insurance policies; individual and group preferred provider benefit plans and exclusive provider benefit plans; group insurance contracts, individual insurance contracts and subscriber contracts that pay or reimburse for the cost of dental care; medical care components of individual and group long-term care contracts; limited benefit coverage that is not issued to supplement individual or group in-force policies; uninsured arrangements of group or group-type coverage; the medical benefits coverage in automobile insurance contracts; and governmental benefits, as permitted by law.

Plan does not include: disability income protection coverage; the Texas Health Insurance Pool; workers' compensation insurance coverage; hospital confinement indemnity coverage or other fixed indemnity coverage; specified disease coverage; supplemental benefit coverage; accident only coverage; specified accident coverage; school accident-type coverages that cover students for accidents only, including athletic injuries, either on a "24-hour" or a "to and from school" basis; benefits provided in long-term care insurance contracts for non-medical services, for example, personal care, adult day care, homemaker services, assistance with activities of daily living, respite care, and custodial care or for contracts that pay a fixed daily benefit without regard to expenses incurred or the receipt of services; Medicare supplement policies; a state plan under Medicaid; a governmental plan that, by law, provides benefits that are in excess of those of any private insurance plan; or other nongovernmental plan; or an individual accident and health insurance contract that is designed to fully integrate with other policies.

Each contract for coverage is a separate plan. If a plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate plan. Also, if an arrangement has two parts and COB rules apply only to one of the two, each of the parts is a separate plan.

"This Plan" is the part of the contract providing the health care benefits to which the COB provision

applies.

The order of benefit determination rules determines whether this Plan is a primary plan or secondary plan when the person has health care coverage under more than one plan. When this Plan is primary, it determines payment for its benefits first before those of any other plan without considering any other plan's benefits. When this Plan is secondary, it determines its benefits after those of another plan and may reduce the benefits it pays so that all plan benefits equal 100 percent of the total allowable expense.

"Allowable expense" is a health care expense, including copayments that are covered at least in part by any plan covering the Member. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense that is not covered by any plan covering the person is not an allowable expense. In addition, any expense that a health care provider or physician by law or in accord with a contractual agreement is prohibited from charging a covered person is not an allowable expense.

The difference between the cost of a semi-private hospital room and a private hospital room is not an allowable expense, unless one of the plans provides coverage for private hospital room expenses.

Order of Benefit Determination Rules

When a Member is covered by two or more plans, the rules for determining the order of benefit payments are as follows:

- The primary plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other plan.
- Except as provided in Section 8(2)(h), a plan that does not contain a COB provision that is consistent with this contract is always primary unless the provisions of both plans state that the complying plan is primary.
- Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage must be excess to any other parts of the plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide out-of-network benefits.
- A plan may consider the benefits paid or provided by another plan in calculating payment of its benefits only when it is secondary to that other plan.
- If the primary plan is a closed panel plan and the secondary plan is not, the secondary plan must pay or provide benefits as if it were the primary plan when a covered person uses a non-contracted health care provider or physician, except for emergency services or authorized referrals that are paid or provided by the primary plan.
- When multiple contracts providing coordinated coverage are treated as a single plan under this subchapter, this section applies only to the plan as a whole, and coordination among the component contracts is governed by the terms of the contracts. If more than one carrier pays or provides benefits under the plan, the carrier designated as primary within the plan must be responsible for the plan's compliance with this subchapter.
- If a person is covered by more than one secondary plan, the order of benefit determination rules of this subchapter decide the order in which secondary plans' benefits are determined in relation to each other. Each secondary plan must take into consideration the benefits of the primary plan or plans and the benefits of any other plan that, under the rules of this contract, has its benefits determined before those of that secondary plan.

- Each plan determines its order of benefits using the first of the following rules that apply.
 - **Nondependent or Dependent.** The plan that covers the Member other than as a dependent, for example as an employee, member, contract holder, subscriber, or retiree, is the primary plan, and the plan that covers the Member as a dependent is the secondary plan. However, if the Member is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan covering the Member as a dependent and primary to the plan covering the Member as other than a dependent, then the order of benefits between the two plans is reversed so that the plan covering the Member as an employee, member, contract holder, subscriber, or retiree is the secondary plan and the other plan is the primary plan.
 - **Dependent Child Covered Under More Than One Plan.** Unless there is a court order stating otherwise, plans covering a dependent child must determine the order of benefits using the following rules that apply.
 - For a dependent child whose parents are married or are living together, whether or not they have ever been married:
 - a. the plan of the parent whose birthday falls earlier in the calendar year is the primary plan; or
 - b. if both parents have the same birthday, the plan that has covered the parent the longest is the primary plan.
 - For a dependent child whose parents are divorced, separated, or not living together, whether or not they have ever been married:
 - a. if a court order states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. This rule applies to plan years commencing after the plan is given notice of the court decree.
 - b. if a court order states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Section 8. ii. (a) must determine the order of benefits.
 - c. if a court order states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Section 8. ii. (a) must determine the order of benefits.
 - d. if there is no court order allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the childcare as follows:
 - the plan covering the custodial parent;
 - the plan covering the spouse of the custodial parent;
 - the plan covering the noncustodial parent; then
 - the plan covering the spouse of the noncustodial parent.
- For a dependent child covered under more than one plan of individuals who are not the parents of the child, the provisions of Section 8. (a) or 8. ii. (b) must determine the order of benefits as if those individuals were the parents of the child.
- For a dependent child who has coverage under either or both parents' plans and

has his or her own coverage as a dependent under a spouse's plan, Section 8.v. applies.

- In the event the dependent child's coverage under the spouse's plan began on the same date as the dependent child's coverage under either or both parents' plans, the order of benefits must be determined by applying the birthday rule in Section 8.ii.(a) to the dependent child's parent(s) and the dependent's spouse.
- **Active, Retired, or Laid-off Employee.** The plan that covers a Member as an active employee, that is, an employee who is neither laid off nor retired, is the primary plan. The plan that covers that same Member as a retired or laid-off employee is the secondary plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the plan that covers the same person as a retired or laid-off employee or as a dependent of a retired or laid-off employee does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule does not apply. This rule does not apply if Section 8.ii can determine the order of benefits.
- **COBRA or State Continuation Coverage.** If a Member whose coverage is provided under COBRA or under a right of continuation provided by state or other federal law is covered under another plan, the plan covering the person as an employee, member, subscriber, or retiree or covering the Member as a dependent of an employee, member, subscriber, or retiree is the primary plan, and the COBRA, state, or other federal continuation coverage is the secondary plan. If the other plan does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule does not apply. This rule does not apply if 8.ii. can determine the order of benefits.
- **Longer or Shorter Length of Coverage.** If none of the above rules determine the order of benefits, the plan that has covered the Member as an employee, member, contract holder, subscriber, or retiree longer is the primary plan, and the plan that has covered the person the shorter period is the secondary plan.

If the preceding rules do not determine the order of benefits, the allowable expenses must be shared equally between the plans meeting the definition of plan. In addition, this Plan will not pay more than it would have paid had it been the primary plan.

Effect on the Benefits of This Plan

This section applies when this Plan is secondary in accordance with the order of benefits determination outlined above. In this event, the benefits of this Plan may be reduced so that the total benefits paid or provided by all plans are not more than the total allowable expenses. In determining the amount to be paid for any claim, the secondary plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any allowable expense under its plan that is unpaid by the primary plan. The secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the primary plan, the total benefits paid or provided by all plans for the claim equal 100 percent of the total allowable expense for that claim. In addition, the secondary plan must credit to its plan any amounts it would have credited in the absence of other health care coverage.

Facility of Payment

A payment made under another plan may include an amount that should have been paid under this Plan. If it does, Sendero may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under this Plan. Sendero will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

Release of Information

For purposes of this Evidence of Coverage, Sendero may, subject to applicable confidentiality requirements set forth in this Evidence of Coverage, release to or obtain from any insurance company or other organization necessary information to implement these Coordination of Benefit provisions. Any Member claiming benefits under this Evidence of Coverage must furnish to Sendero all information deemed necessary by it to implement these Coordination of Benefits provisions.

If we pay benefits and you recover or are entitled to recover benefits from other coverage or from any legally responsible party, we have the right to recover from you the amount we paid.

You must notify us, in writing, within 31 days of any benefit payment, settlement, compromise or judgment. If you waive or impair Sendero's right to reimbursement, we will suspend payment of past or future services until all outstanding lien(s) are resolved.

If you recover payment from and release any legally responsible party for future medical expenses relating to an Illness or Bodily Injury, we shall have a continuing right to seek reimbursement from you. This right, however, shall apply only to the extent allowed by law.

This reimbursement obligation exists in full regardless of whether the settlement, compromise, or judgment designates the recovery as including or excluding medical expenses.

Sendero Right of Subrogation

To the extent allowed by Texas law, we have the right to recover payments acquired by You against any third party for negligence or any willful act resulting in Illness or Bodily Injury to the extent we have paid for services. As a condition of receiving benefits from us, you agree to assign to us any rights you may have to make a claim, take legal action or recover any expenses paid for benefits covered under this Contract.

If we are precluded from exercising the Sendero right of subrogation we may exercise Sendero's right of reimbursement.

State Public Medical Assistance

If a Covered Person received medical assistance from a program under the Texas Health and Human Services Commission while insured under this Contract, we will reimburse the program for the actual cost of medical expenses the program pays through medical assistance, if such assistance was paid for a Covered Expense for which benefits are payable under this Contract, and if We received timely notice from the Commission, or its designated health plan, of payment of such assistance. Any reimbursement to the Commission or its designated health plan made by us will discharge us to the extent of the reimbursement. This provision applies only to the extent we have not already made payment of the claim to you or to the provider.

If the Texas Health and Human Services Commission is paying financial and medical assistance for a child and You are a parent who purchased this Contract or a parent covered by this Contract and have possession or access to the child, or are not entitled to access or possession of the child but are required by the court to pay child support, all benefits paid on behalf of the child or children under this Contract must be paid to the Texas Health and Human Services Commission.

We must receive written notice affixed to the claim when first submitted that benefits must be paid directly to the Texas Health and Human Services Commission.

Payments due under this Contract to Participating Physicians and Participating Providers will be paid in accordance with applicable Texas Prompt Payment of Claims laws.
