Find a Provider

Where can I find a provider

(doctor/specialist/hospital/urgent care clinic)?

- Visit <https://www.senderohealth.com> to find in-network providers or hospitals. You can also contact Customer Service at 1-844-800-4693 for assistance.
- You will need to choose an in-network provider as your Primary Care Physician (PCP). Once you have decided on a PCP, you can contact Customer Service to add the PCP on your account. You can also select a PCP in the Member Portal.

You must obtain services from an in-network provider. Your plan does not offer any out of network benefits.

If you are within the Sendero service area and experience an emergency, go to the nearest emergency care facility. The Sendero service area includes the following counties: Travis, Hays, Bastrop, Burnet, Lee, Caldwell, Fayette and Williamson.

If you are outside of the Sendero service area and experience an emergency, go to the nearest emergency care facility.

If you receive emergency services and are balance billed, please contact Customer Service at 1-844-800-4693. You should not be balance billed for emergency services. You may be required to submit a copy of the itemized billing statement you received for investigation purposes.
