*Providers must file Adverse Determination
Appeals within 30 calendar days after
the date on the written notification of an
adverse determination

Quick Reference Guide and Preauthorization List Guidance

11/1/2023

REQUIRED NOTIFICATIONS ****SUBMIT NOTIFICATIONS VIA FAX NUMBER 1-512-901-9724****

Sendero Health Plans (Sendero) processes claims for covered health care services subject to plan requirements for notification and preauthorization. The following require prior notice to Sendero for determination of benefit coverage.

Relative to Texas Insurance Code 4201, Subchapter N, **required notifications apply to all providers, regardless of provider preauthorization exemption status.**

Inpatient Admissions

All facilities must notify the health plan within one business day after each admission.

(See also the Elective Inpatient Services preauthorization requirements in the next section)

Inpatient Special Situations:

- Notify Sendero of maternity and newborn stays exceeding two days for vaginal delivery or four days for cesarean section delivery.
- Notify Sendero for inpatient breast cancer treatment exceeding 48 hours after mastectomy or 24 hours after lymph node dissection.

Providers not in the Sendero Network

Submit requests at least (2) weeks before the start of service

All elective out-of-network services are considered Excluded Services and are not covered by Sendero unless approved through preauthorization.

PREAUTHORIZATION LIST GUIDANCE **1, 2, 3, 4**

The following health care services must be submitted to Sendero for medical necessity review and approved before rendering the service(s). Submit requests online at least five business days before the start of service at <https://idealcare.mediview.net> or via fax number 1-512-901-9724.

NEW: Use the online code lookup tool at <https://senderohealth.com/preauthorizationsearch/> to locate specific health care service codes requiring preauthorization.

Include the following with each request: clinical records that support medical necessity, including member history, physical exam findings and outcomes from any previous treatment(s) for the condition, relevant diagnostic test results, and social determinants of health information (if applicable to the request). For out-of-network requests, include the reason that the Sendero Member is being referred out-of-network and any attempts taken to locate services within the Sendero network.

Rev. 2023-11-1

Behavioral health services

- Applied behavioral analysis
- Intensive outpatient program
- Partial hospitalization
- Neuropsychological testing
- Residential treatment

DME/Orthotics/Prosthetics

- DME (rental or purchase) and medical supplies >\$500 per line item
- Orthotics or Prosthetics devices over \$250 per line item
- Hearing Aids
- Amino acid-based elemental formulas or formulas for the treatment of heritable diseases, or any canned nutrition

Drugs administered in an Office, Home, or Outpatient Setting

- Injectables over \$500 per line item

High-Tech Imaging

- CT/CTA Scans
- MRAs, MRI, MRS
- PET and SPECT scans

Providers not in the Sendero Network

All non-emergency out-of-network services are excluded and not covered unless preauthorized by Sendero.

Elective (pre-planned) Inpatient Services, including those received in the following settings:

- Acute care hospitals
- Behavioral health hospitals
- Inpatient hospice facilities
- Long-term acute care hospitals
- Rehabilitation hospitals
- Residential treatment facilities
- Skilled nursing facilities

Continued stays after admission approval (i.e., concurrent reviews)

Each facility is responsible for providing to Sendero admission notifications and records for continued stay concurrent reviews.

Quick Reference Guide and Preauthorization List Guidance

11/1/2023

PREAUTHORIZATION LIST GUIDANCE ^{1, 2, 3, 4} (CONTINUED)

- Spinal cord stimulators
- Trigger point injections

Providers not in the Sendero Network

Submit requests at least (2) weeks before the start of service

All elective out-of-network services are considered Excluded Services and are not covered by Sendero unless approved through preauthorization.

Drugs on the Pharmacy Benefit

Refer to the "Navitus PA Drug List" document on senderohealth.com

¹ This document explains preauthorization and notification requirements. Newly released codes, (including replacement codes for existing codes requiring preauthorization) in the categories of this Quick Reference Guide will require preauthorization upon date of release from CMS and/or the American Medical Association.

² Not every health care service code in a specific category may require preauthorization. Use the Sendero Health Care Service Code Lookup tool found on the preauthorization tab of the Sendero website provider page (<https://senderohealth.com/preauthorizationsearch>) to check preauthorization requirements for any specific health care service code that will be submitted on a medical claim. Failure to obtain pre-approval for the services specified in the code lookup tool will lead to claim denial.

³ Screening criteria: To determine the medical necessity of healthcare services, Sendero uses evidence-based InterQual criteria published by Change Healthcare. Because these criteria are proprietary, they are not available for public view. Sendero will provide a copy of the criteria upon request for any specific authorization.

⁴ For Members with acquired brain injury, obtain preauthorization for any service on this list. In addition, over-the-limit requests must be reviewed for medical necessity.
