

## **IdealCare Provider Manual Updated**

The Sendero Health Plans IdealCare Provider Manual has been updated. Sendero reviews and revises the Provider Manual at regular intervals throughout the year. Please be sure you are familiar with information in the manual, including the following:

- Chapter 7.8 Billing Requirements
  - Existing claim submission requirements added. Sendero requires submission of a valid ICD-10-CM preventive diagnosis code as the first pointer in order to be considered for the preventive benefit.

Paper copies of the Provider Manual are available upon request by contacting Sendero Network Management at 1-855-895-0475.
